So – what else happened this week in Baseball

The Sydney Metro Baseball League had its annual Winter Meeting!

In what is usually a bland and boring meeting - it was bland and boring.

Yours truly, madly and Jeff the Moonboot attended the occasion for our club.

Let me bore you with bullet points and rules and regulatory jargon!

- Coaches there is a new wet weather number this year -8604 2793 229-line 3.
 - Late regos will incur a \$20 fee
 - Post daylight saving hours reset as usual
 - Diamonds **MUST** be redressed between games!
- **NO GLASS BOTTLES** – and don't put them in the bin at Lomatia/ the
 - Council garbos will find them and in turn fine us!
- Scorers must sit together, please. They are part of the umpiring team and not the playing teams.
 - Every team must travel a basic First aid kit and have one at Lomatia.
 - If you intend to forfeit – it must be notified on the Friday night prior.
- For those who need, there is a new entrance to Kellyville off Stonemasons Drive.
 - \$25 Umpire payments to “Officially Appointed Umpires” only.

Results only to be sms to SMBL – not score sheets -they are email, snail mail later!

BBNSW has tried to lower the minimum age to 14 but was defeated on WHSE grounds.

AND lastly – “CONVID19”

The only ruling so far is that if two or more players are not able to play because of the infection, the game will be declared a “NO GAME” and replayed later in the season.

So, then I woke Jeff up and we went home.

As we seldom get more than 500 people per game will play on!
